

February 21, 2017 for Law & Justice Committee Hearing

Testimony of Don Piedra:

Submitted before the House Law and Justice Committee

NOT IN SUPPORT OF HB 4042

I drive in fear every day for not having a driver's license. I have been lucky the few times I have been stopped by the police because I have been able to show them my papers from México. I just want to go about my life without getting in trouble, and I don't cause any problems when I drive. I suffer from a lot of stress from it.

I also fear just even talking about this with people because I worry that it may come back to me, but it is important that people know how hard it can be on people if this law (HB 4042) passes.

Testimony of Sr. Magdaleno Diaz:

NOT IN SUPPORT OF HB 4042

I would like to have a little more security that comes along with having a Michigan drivers license. I'm a hard worker, and I never make problems for others. I do my best to stay out of trouble. I think it's important that people know that it would cause a lot of problems if people were punished for not having a driver's license. It would make them scared to go to work or even just go out in the streets.
